

# Well Test Questionnaire

**Scheduling will NOT be finalized until this form is fully completed and payment has been processed. Well tests are scheduled in the order received.**

Form Information	
What do I need to do to schedule a well test?	<ul style="list-style-type: none"> <li>Review all information (FAQs/WAuth/Water Quality Testing packages).</li> <li style="background-color: yellow;"><b>Answer all the questions below.</b></li> <li>Return the completed questionnaire &amp; signed Work Authorization.</li> <li>Pay and schedule the Well Test appointment.</li> </ul>
Can I use water during the test?	No, water will <u>not</u> be available during the duration of the well test and some instances, water flow/pressure may take time to restore.
Can I have the inspection and well test on the same day?	Home Inspections and/or Radon testing for air quality CANNOT be performed on the same day.
Should I expect additional costs?	If the well system includes storage tank(s) or buried cistern(s) there are additional costs.
What if I leave blanks on the form or the service can be provided?	If we are unable to perform the test due to existing site conditions, there will be a minimum charge of \$215.
Report ETA	Allow 2- business days for results to be emailed.
